SUMMARY

Full Stack Developer with significant experience in end-to-end web application development, I have collaborated with diverse organizations, bringing a practical and solution-oriented approach to my work. I leverage my expertise across front-end and back-end technologies to build scalable, efficient, and user-centric solutions that align with business goals.

PROFESSIONAL EXPERIENCE

Kalathiya Infotech, Surat	Mar 2024 - May 2026
- Developed and maintained web applications using react. - Collaborated with cross-functional teams to gather and define project requirements. - Implemented RESTful APIs for seamless integration with third-party services. - Developed and tested REST-APIs. - Worked closely with UI/UX designers to ensure a seamless user experience. - Collaborated with front-end developers to integrate back-end logic with user interfaces. - Designed and implemented MySQL databases, optimizing for performance and scalability. - Lead the full-stack development lifecycle, coordinating between UI/UX designers and backend developers to deliver seamless web solutions	

SKILLS
